To be safe and valuable tour, please confirm the following contents and sign up the agreement form before the technical tour.

### **1. Safety management in the facilities**

- (1) Please travel in the facilities with company staffs, and follow their instructions for safety. Please cooperate with prevention of accidents. For example, please hold on to the railing when you walk up/down stairs.
- (2) Do not go into prohibited areas or areas with any danger markings. Do not touch with any instruments.
- (3) If an emergency arises, please follow the instructions by company staffs and act quickly.

### **2. Non-disclosure agreement**

- (1) Do not bring any cameras, voice recorders, and other recording devices without permission from our company. Do not use cell phones or smartphones in the facilities.
- (2) Please confirm that all the technical information, sales information, and information of facilities, other than those within the public domain, are confidential information of our company.
- (3) Do not disclose or leak the confidential information of our company to a third party, or do not use it by yourself. Please minimize the information, if you need to report on this tour to your institute, and please notify to your institute that the information is confidential.

### **3. Repudiation of technological transfer**

Any disclosure of confidential information by our company during the tour are not intended for licensing or technological transfer to you. If our company asks to return or renounce any information materials provided during the tour, please return or renounce them immediately.

### **4. Term of agreement**

The duty to observe the contents you agree in this document will not expire at the occasions of your retirement, career transition, or employment transfer.
